

## The Oregonian.

PORTLAND, WEDNESDAY, OCT. 30.

There is a new revolution in California. This is really starting now.

The civil held its anniversary yesterday for its escape from assassination a year ago. The civil war probably guarded by soldiers.

The arrival of Lord Stanley, governor general of Canada, at the Pacific coast was announced in one of the British Columbia papers by the headline "On Stanley On."

A heroic school boy in Salem rescued his teacher from the clutches of a insane lover, who sought his destruction. It is not often that the school boy has so good an opportunity to relieve his dreams of chivalrous achievement.

E. C. Parkinson, special examiner of the pension office for Oregon and Washington, is lately from Nebraska and is greatly impressed in favor of the Northwest. It is not much wonder as any one who has ever lived in Nebraska can readily understand.

The secretary of war in the past has sent pens to the yellow fever sufferers at Memphis and in Florida and forwarded other army supplies for their relief. Why may he not grant the destitute settlers of North Dakota permission to cut fire wood from a military reservation?

John W. Skiles, the Saratoga chinaman, has made a failure of his business and fled for parts unknown. If his credit is not purchased in the past, he is now in a predicament. He was once a cook in the kitchen, but he has now become a fugitive.

Julius Haggis, once sensitive as to the escape of the prisoners from the county jail. He was not so much to blame as those who neglected to repair the jail. He has made a good effort in the position from which he has just resigned, and the sheriff would acknowledge his faithfulness if he should reappoint him.

Governor Pennington has received a letter from J. W. Hammon, district attorney for the Second judicial district, regarding the violation of the fish laws. He says he is investigating the matter of the unlawful nets and nets said to have been maintained in the Alsea and Yaquina rivers. He will see to it that the violators are prosecuted.

Justice De Wolf of Montana has found a way to overcome the objection that he is disqualified to sit in the mandamus case on account of his interest in the election. This is done in that he will expedite a decision. The objection to the other justice sitting when the case comes before the full bench will probably be got around in the same way.

A bright copper colored bar about eight inches long was on exhibition at the state estate office of Wallace & Clark Monday night. The bar was found by Mr. Wallace and was pure gold, and was the product of a son of a son of San Francisco from the Gray Gold Mining Company of that city. The value is about \$200.

The Long Creek people reports the depredations of robbers among sheep camps in that section one camp in particular being robbed three times of its entire contents. It is the custom now of the herder to fix up some appetizing dish with a little "rough on rats" before going away, and he is anxiously waiting for the camp to be robbed the fourth time.

Camerson, the Corvallis sprinter and all his friends who believed in his speed, are now a "done up" in a sporting parlance the other day by an Eastern professional travel ing innkeeper, to the extent of about \$2000. It was "arranged" that Camerson was to win the race, as he at his friends supposed, but he came out six feet behind and the money went to the unknown.

The outlook is bad for sheep owners in some sections of Grant county, according to a correspondent in the Oregonian who writes from Keylock valley. There are 30,000 sheep within a radius of ten miles, and that portion of the range inclosed by fence is "so badly eaten out that a grasshopper would starve. Prospects for pelts and murrain hides are the very best."

A Geralt correspondent of the Statesman writes that paper to ask if the civil engineers, topographers, etc., who have their office in the Marion county court house pay any rent. He says he has paid taxes for many years, contributing to the cost of building the court house, and he wants to know if people are doing private work in a public building without paying rent. He wants to know this for he is thinking of starting a good dry store in the court house himself if the rooms are free.

The stage robbery by a lone highwayman on the Baker and Canyon City line recently made the fourth robbery committed on this route within the past four years, and in each case the robber has escaped discovery. It is believed that the same man is the perpetrator of all four of the robberies, and that he has been successful in obtaining from the registered mail bags from one year to another. If this be true, this is the most modest robber in Christendom and he should have a place in a dime museum.

A few days ago the Sam's Veterans announced the arrival of John Ringer wife and son, from Johnston, Ore. The three having been saved of a family of six from the great flood. It commented favorably upon the man, and in coming to Oregon and welcomed him to citizenship in this state. The last issue of the same paper has the following: "Yesterday Ringer was celebrating having killed his wife with a tin can. He was so drunk that a day was called. He roared, resist in landing him in the city's stronghold."

The report telegraphed from Quebec that President Hayes and other officials of the Northern Pacific railway system are arranging for a shorter route to Europe than any now at its command is a little far fetched. Says the London Times: "It is true that Mr. Hayes was there but the report is a little far fetched. It is not complete and it is not understood in the United States. It is generally understood in the United States that the Northern Pacific will be nothing more than making a close tie with the arrangement with the Grand Trunk."

Under the scheme of the Fortification Board for the defense of the city, the mortars were an important part in the proposed system of coast defense. For New York alone, 144 twelve inch mortars were proposed. It is said that there are 125 of the same calibre and Boston 120. For the defense of the coast from the city of New York, the fortification board has proposed 125 twelve inch mortars and 125 twelve inch mortars. The board has proposed 125 twelve inch mortars and 125 twelve inch mortars.

Is a very distressing affection, generally arising from stomach trouble, the senses and the nerves, and is often attended with persons of both sexes, and of all ages. It is a very distressing affection, generally arising from stomach trouble, the senses and the nerves, and is often attended with persons of both sexes, and of all ages. It is a very distressing affection, generally arising from stomach trouble, the senses and the nerves, and is often attended with persons of both sexes, and of all ages.

### What Scott's Emulsion Has Done!

Over 25 Pounds Gain in Ten Weeks. Experience of a Prominent Citizen.

I took a severe cold upon my chest and lungs and did not give it proper attention, it developed into bronchitis, and in the fall of the same year I was threatened with consumption. Physicians ordered me to a more congenial climate, and I came to San Francisco. Soon after my arrival I commenced taking Scott's Emulsion of Cod Liver Oil with Hypophosphites regularly three times a day. In ten weeks my avoirdupois went from 155 to 180 pounds and over; the cough, sneezing time ceased. C. J. BENNETT.

### Elly's Cream Balm

THE CURE FOR CATARRH OF THE HAY-FEVER

50 Cts. IN BOTTLE

Elly's Cream Balm is a very effective remedy for all cases of Catarrh of the Hay-Fever. It is a very effective remedy for all cases of Catarrh of the Hay-Fever. It is a very effective remedy for all cases of Catarrh of the Hay-Fever.

### THE CELEBRATED "FRENCH CURE"

VARICATED "APHRODISINE" FOR THE CURE OF ALL FORMS OF GONORRHOEA

Is a very effective remedy for all cases of Gonorrhea. It is a very effective remedy for all cases of Gonorrhea. It is a very effective remedy for all cases of Gonorrhea.

### COBOCK & HUGGINS

Mortgage and Bond Brokers.

Lock Box No. 41 - PORTLAND, OR.

Office, on Third St. and Holladay Ave., East Portland.

THE FEDERATED TRADES.

Important Meeting Held at Grand Army Hall Last Evening.

The Organizing Address by Captain John O'Brien—A Verbal Offer of Membership of the Assembly—Maka Brief Speeches.

Last evening a special meeting of the Federated Trades Assembly of this city was held at Grand Army Hall. The meeting was called to order by Captain John O'Brien, president of the assembly, who stated the object of the meeting in a well worded address.

He claimed that organization was necessary with the working man. He said that politicians, merchants, bankers, railroad companies, churches, in fact, all businesses are organized and why should the workmen be behind in matters to their interest. The speaker said that organization was necessary, that proper legislation might be secured. Organization secures higher wages. The organized labor of Australia is pointed to with pride. The speaker opposed strikes, and he believed that arbitration in all matters is the proper way to settle difficulties. "Should they arise."

The matter of long hours was dwelt upon, and attention was called to the hours the car drivers are compelled to put in on the several lines in this city. If organized anywhere, it is needed there, as the employers have no mercy on their car drivers.

The president expressed the fact upon those assembled that organization has done much to secure recognition and just recognition for the workmen.

The president said that the meeting was also called for the purpose of letting all the trades that are unorganized, and tradesmen present who belonged to no union were a liberty to make suggestions.

Mr. John Kelly of the Typographical union, was called upon and he stated that the strength of the union is in the fact that it is a strong union. He said that the union is a strong union and that it is a strong union.

Mr. J. A. Power, of the Typographical union, thought that by organizing the trades that have no union, the community is better off. The laborer knows that he is no longer a slave, and that he has an equal say in the affairs of his city.

Mr. Albert Foster of the Typographical union, was the orator of the evening. He stated that the Federated Trades on labor organizations in general have been organized and located on the benefits to be derived therefrom, and closed his remarks by an earnest appeal to the unorganized labor to come into the fold.

Michael Dooney, of the Laborers Protective union, said that he was with the world, and that himself and the members of his union were not behind in the world.

Mr. Martin Brady, of the Builders' union, said that the building trades are organized and that they are organized and that they are organized.

Mr. B. J. Brown, a machanic, stated that he intended to bring to the assembly the assembly is organized and that they are organized and that they are organized.

Mr. Ball, of the Carpenters' union, stated that the carpenters are organized and that they are organized and that they are organized.

Mr. B. J. Brown, a machanic, stated that he intended to bring to the assembly the assembly is organized and that they are organized and that they are organized.

Mr. B. J. Brown, a machanic, stated that he intended to bring to the assembly the assembly is organized and that they are organized and that they are organized.

Mr. B. J. Brown, a machanic, stated that he intended to bring to the assembly the assembly is organized and that they are organized and that they are organized.

Mr. B. J. Brown, a machanic, stated that he intended to bring to the assembly the assembly is organized and that they are organized and that they are organized.

NEWS FROM OVER THE WAY.

Justice Mayo Resigns and S. Bull of Appointed in His Place.

The Ref. Put the Streets in Bad Condition—Foggy, Continuing to City Hall—Moving in Holiday's Addition.

Yesterday John R. Mayo tendered his resignation as justice of the peace for this precinct. He was appointed to fill the vacancy. He was appointed to fill the vacancy.

Written notices to move have been served on a number of persons in Holiday's addition living in houses built in the street. In some instances the removal will be a hardship. An old man named Miller who has a home on the corner of the street and Holiday's addition has been endeavoring to secure an extension of time to move.

Whenever it rains the water pours in torrents over the sidewalk on U street at the southeast corner of the bridge between First and second streets, much to the inconvenience of those passing that way. There should be a ditch along the south side of the sidewalk and the water should be carried into the street. There was a ditch here at one time but it has since been filled up.

The common council several weeks ago passed an ordinance requiring the city officers to see to the correctness of all bills rendered. The point in question is can the city council order the fees for every bill given to him. A large number of bills are presented at every meeting and the revenue from this source would be considerable at 10 cents a bill.

The wet weather has put the streets in bad condition. The plank roadway on Fourth street between 1st and 2nd streets is actually a mud and whenever a team drives over it the muddy water is thrown through the air, and the street is in a condition that is a nuisance to the public.

Work on the factory building at McMillan and 1st street is progressing as rapidly as the weather and the material on hand will allow. The building will be two and one half stories high and 50 x 100 feet. It is expected that the engine will be in position next week.

An examination of the police record for October shows that it has been a most remarkably quiet month. Here and there may be found the record of a petty offense, but no serious cases of drunkenness and that is all. What city of the same size can show a better record?

In the case of the Chinaman, Mrs. Justice Mayo yesterday gave the plaintiff a verdict for \$11. The case was brought by a Chinaman who had been injured by a car.

SALES OF REAL ESTATE. List of the Deeds Filed for Record in the Recorder's Office Yesterday.
